

MIDCO®

Putting more *whoa!* in your Wi-Fi.

Your residence is connected.

Welcome to Midco®, where reliable fiber-based internet meets superb customer experience.

We've strategically placed equipment in your residence to optimize your Wi-Fi connection – and your property manager is the key to getting you connected.

Check your email.

Scope your inbox for an email from Plume, our secure Wi-Fi platform. From there, you'll see a link to **download the HomePass by Plume® app** to finish setting up.

Don't see an email? Contact your property manager.

Control is in the palm of your hand.

Standard Wi-Fi is a thing of the past, amiright? Your connection comes with the complete package via your app.

- Automatic updates and optimization
- Built-in protection against cyber threats
- Super customizable parental controls
- Device- or user-level management

We can't hug you, but we can chat you.

If you need help using your app or troubleshooting your connection, use the URL, QR code or phone number below.

**Need more bandwidth in your life? We thought you'd never ask.
